## STATE OF NEW HAMPSHIRE

L. S.

*To the inhabitants of the Town of Hooksett, qualified to vote in town affairs:*

You are hereby notified to meet at the Town Hall in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To bring in your votes for the election of Delegates-at-large, Alternate Delegates-at-Large, District Delegates, Alternate District Delegates to the National Conventions of the Democratic and Republican parties, to be held for the purpose of nominating party candidates for President and Vice-President of the United States.

4. To see how much money the town will vote to raise on bonded debt.

5. To see if the town will raise and appropriate the sum of money necessary to secure State aid for the permanent improvement of highways.

6. To see if the town will vote to give a discount of two (2%) on all taxes except poll taxes, paid on or before the first day of July.

7. To see if the town will vote to raise and appropriate a sum of money necessary to secure State aid to help in the white pine blister rust in town.

8. To see if the town will vote to raise one hundred dollars (\$100.00) for the observance of Old Home Day.

9. To see if the town will vote to extend the present sewer up Main Street from the Hooksett Inn to the residence of Warren M. Davis and appropriate a sum of money necessary to carry said vote into effect as petitioned for by Etta S. Head and eleven others.

10. To see if the town will vote to bond the town officers and pay for same.

11. To see to establish a street light on the first pole near John Grandmont's residence, as petitioned for by John Grandmont and five others.

12. To see if the town will vote to establish a street light at the corner of Hale and Coca Ave., one light on Coco Avenue, half way between Hale Avenue and Alice Avenue, and to change the light situated between Coca and Francis Avenues on Hale Avenue to the corner of Hale and Francis Avenues, as petitioned for by Hattie E. Cheney and seven others.

13. To see if the town will vote to establish a light between the State Road and the residence of Fred Severance, also between the residence of Mr. Gaw and

Burbank near the large rock beyond the culvert, as petitioned for by Moses R. Burbank, and twenty-five others.

14. To see if the town will vote to determine the rate or amount of compensation to be allowed the tax collector for his services. To see if the town will vote to have the incoming tax collector collect the unpaid taxes for 1921, 1922, 1923, and the compensation to allow him and if we will deduct any from the former collectors, salary to pay the same.

15. To see if the town will vote to accept all Trust Funds given to town not heretofore accepted.

16. To see if the town will vote to establish a street light between Clough Avenue and residence of Chas. C. Hoyt, as petitioned for by Chas. C. Hoyt and twenty-three others.

17. To see if the town will vote to have the Tax Collector appointed by the Board of Selectmen instead of being elected by vote as at present.

18. To see if the town will vote to construct, manage, maintain and own suitable water works for distribution through the most compact parts of the Northern and Southern parts of the town a supply of water in subterrean pipes for extinguishing fires, for the use of it's citizens and for other purposes. To appropriate such sums of money and provide for borrowing said sums and issuing notes or bonds of the town for the establishment and maintenance of said water works. To see if the town will vote to place the construction, management, control and direction of said water works in a board of water commissioners, or the Selectmen and choose any other officers, agent or committee that may

be necessary or desirable in order to determine the character of said works. To procure any land or other property needed for same, provide for the proper construction financing or management of the same, establish proper regulations or tolls for the use of the water, or otherwise carry into effect the purpose of this article or any vote passed thereunder.

19. To transact any other business that may legally come before said meeting.

Given under our hands and seal this nineteenth day of February in the year of our Lord, one thousand nine hundred and twenty four.

# REPORT SCHOOL BOARD

July 1, 1922 to July 1, 1923

---

## Remarks

The Board of Education of the town of Hooksett at the end of another year, calls the attention of the voters to the statement of receipts and expenditures during the time stated.

We have attended to the duties placed upon us, as your servants, to the best of our ability.

We feel that our schools are in good shape at the present time, that the teachers are able and efficient, and our Superintendent faithful to our work and needs.

We are very sorry to report the registration of Albert F. Sanborn who has served as member of the School Board in a very credible manner for several years. Eugene S. Head was appointed to serve out this unexpired term.

There have been no changes in the teaching force during the year.

Our attendance was some what broken, owing to the severeness of the winter. There were several days that we were obliged to close the school rooms.

After a careful inspection of all school property early in the years, it was agreed to make the following repairs during the summer of 1923.

At No. 2, A jacketed stove ceiling whitened and other minor repairs.

At No. 4, The audience room was whitened and minor repairs made.

At No. 6, both rooms were painted and minor repairs made.

At No. 7, this building was thoroughly painted inside.

At No. 5, the school house was in good condition and no repairs were made.

We have tried to maintain a standard equal to any in the State and when in doubt we have received our instructions from State Board of Education, for we wish our boys and girls to have the best possible chance to prepare for life's work and responsibilities.

We have had a few truancies which we feel could be avoided if parents would coöperate with us in the matter. Mrs. Lena B. Thomas has acted as truant officer and also taken the school census.

We have tried to estimate our needs for the coming year at as low a figure as possible. With teachers' salaries, fuel, janitor service, and supplies constantly advancing, it is impossible to pay bills without an amount equal to sum stated. It has not been wise, owing to the cost of printing, to place before you the itemized account of our expenditures, but the books are always open for your inspection and criticism.

We refer you to the Superintendent for the report of school management.

We thank you for all assistance rendered.

Respectfully submitted,

EUGENE S. HEAD,  
FORREST W. EVARTS,  
ERMA E. MITCHELL,  
*School Board.*

# REPORT OF

## Superintendent of Schools

---

*To the School Board and Citizens:*

I herewith submit my fourth annual report of the schools of Hooksett.

There were maintained during the year, eight schools, for a school year of thirty-six weeks. There was no change in the teaching force.

The principle upon which our nation was founded, that of equal rights and equal opportunities to all, is the principle upon which our present school law was enacted by the legislature in 1919, namely: "that every child of school age in the State should be furnished opportunities, as nearly equal as possible, to obtain a sound common school education and should be compelled to avail himself of those opportunities."

School officers, State and local, are working to accomplish this end.

Equal opportunities for the education of children in the rural schools are slow of attainment.

The children of the city and large village attend school in a comfortable, sanitary, well heated and well lighted building with modern toilet rooms; taught by well trained teachers, in classes large enough to arouse enthusiasm, and are given facilities that modern progress has provided.

The children of the rural communities assemble in a one-room school house having no modern heating, ventilating, and toilet facilities; taught for the most part by inexperienced and untrained teachers to whom is given the entire range of elementary subjects, to be taught to small groups of pupils and in many schools with only one or two pupils in some of the grades.

The problem of securing well trained teachers for the rural school is perhaps the most difficult. Persons having completed high school and normal courses are ambitious to obtain positions in village and city schools where they may earn larger salaries, have modern school conveniences, live in a home having modern improvements, and have opportunity for enjoying the benefits received from libraries, entertainments, fraternal organizations and church associations.

Too often the boarding place in rural communities is at such a distance from the school house as to cause inconvenience and more or less hardship for the teacher. In some localities it is difficult to find a boarding place, and then the reason given for taking the teacher is that they want the school kept open.

The comparative low salary the teacher receives, and the corresponding low board she can pay, offers no financial inducement to board her, but it shows the public spirit of the one who is willing to accept the teacher as a boarder.

I am in favor of a one room school, it may be owing to my early training in one, but I am in favor of a one room school taught by a well trained, well paid contented teacher, in a comfortable modern school house; with a pupil enrollment large enough to arouse enthusiasm in both teacher and pupil, in a community willing to co-operate with the teacher in having a good school.

There are 722 one-room schools in New Hampshire, and to keep these schools open it appears that these communities ought to furnish from their midst teachers for these schools, and a comfortable home for the teacher located near the school house.

#### TEACHERS' MEETING

The teachers' meetings held during the year have been well attended by the teachers, who have shown interest in this line of educational work. At one meeting there were thirty-one present, when the keeping of the register was explained and the school law discussed. At another meeting thirty-two teachers and six members of the school boards were present.

At this meeting Dr. E. W. Butterfield discussed the educational changes in the state in the last seven years, and Miss Bernice Batchelder of Massachusetts spoke on the subject of Reading.

The talks of both speakers were exceedingly interesting and instructive.

The teachers and school boards of this Union have formed a Teachers Association and have already held one meeting and have voted to have at least four meetings a year. The next meeting is to be held February 9th at Hooksett, No. 4 school. The public is cordially invited to attend these meetings.

I wish to emphasize the benefits derived from teachers meetings. They are the best known means of giving efficiency and harmony to a system of instruction and for securing unity of method. They offer an incentive for broader and more thorough study of school interests and duties.

I would recommend to the school board that they grant time for these meetings, considering the teacher's

attendance upon these meetings, part of her school duty.

#### ATTENDANCE

In some of the schools the attendance was not commendable.

Several boys and girls who have graduated between the ages of 14 to 16 have been denied the privilege of working in manufacturing establishments because they did not attend school 300 half days as required by law. The law covering these cases reads as follows, —

“Such (school) record shall certify that the child has regularly attended the public schools, or private schools lawfully approved as such, for not less than three hundred half days, as shown by the school register, during the year previous to the arriving at the age of fourteen, or during the year previous to applying for such school record, and whether he is able to read understandingly and write legibly, simple sentences in the English language.”

If parents would visit the school which their children attend they would get an accurate knowledge of the affairs in the schoolroom, the standing of their children in their classes, and of the problems which confront the teacher. These visits would display an interest on the part of the parent in the work-a-day doings of the school and a willingness to coöperate with the teacher. These visits also ought to decrease tardiness, absence and truancy.

The teachers have been faithful and have done commendable work.

In conclusion I wish to express my appreciation for your hearty coöperation and assistance.

Respectfully submitted,

HENRY S. ROBERTS,

*Superintendent of Schools.*

### Remarks

The Library has been open every week this winter and has been well patronized. One very cold Saturday and one very stormy one there were only a few visitors; but the Librarian was there on duty. We have been remembered by kind friends as usual. Mr. Charles C. Hoyt gave two books and thirty-one magazines. The magazines are very useful. They are a History of the Civil War. They give an account of all the battles and their leaders. They are finely illustrated. Mr. Hoyt is a G. A. R. man, was a soldier in the Civil War and a very patriotic citizen. We thank him for taking an interest in our Library. Mr. Henry H. Metcalf, of Concord, gave a copy of the historical address, delivered by Hon. Leslie P. Snow, on the three hundredth anniversary of the settlement of New Hampshire. It was delivered at Portsmouth, August 20, 1923. Mr. Frank E. Cox, Treasurer of the Dundee Mills, also one of the Trustees of the Library, gave twenty-five dollars (\$25) to be used for re-binding books. This was a very acceptable present. About forty of our books are now in the bindery. Some of our patrons are very careful of the books, when returned, you would hardly know they had been used; others return them in a very bad condition. We wish we could impress up-

on the latter the necessity of careful usage of library books, they would last a longer time and we would have more money to purchase new books. We thank Mr. Cox for the generous gift and assure him that we shall appreciate our re-bound volumes. We hope to see all of our old friends, and many new ones, during the coming year. We have some interesting books, selected by trained librarians, and we know they will enjoy them. We take this opportunity to thank all who have helped in the good work of the Library.

Respectfully submitted,

JENNIE B. ABBOTT,

*Librarian.*
